

## 1 Timothy 4v6v16

1. How do you feel about leadership in general and why is that?
2. What do you think are the hard part of church leadership?
3. What are the marks of a good minister of Jesus Christ (6-10)? Why is this necessary?
4. How can we as a church encourage those who lead us to have these things in place?

5. What are the two things Timothy must have in place in his public ministry(11-16)? Why are they both necessary?

9. How can we encourage each other to make the progress referred to in v15? (think practically)

6. What would it look like, in Ephesus, for them to be committed to the same things?

10. What difference would it make if there was no progress in these things?

7. How can we encourage our leaders to these twin duties of progress in teaching and preaching and godliness

8. To what extent does this apply to all believers?
